

SAYS OROZCO WAS TOLD U. S. FAVORED HIM

Letter from His Secretary
Talks of "Toleration"
by Washington.

WILSON PERPLEXED. WAS HIS REPORT

'Frightened by Results of Work.'
Robelo Wrote to One of
Huerta's Generals.

[From The Tribune Bureau.]
Washington, July 17.—A copy of a letter alleged to have been written by R. G. Robelo, secretary to Orozco, which declares "high American authorities," said the United States would tolerate a movement like that launched by Huerta and Orozco, was received to-day by the Carranza Agency, which asserted it had been introduced by Federal authorities at the preliminary examination of Robelo at San Antonio yesterday.

The Department of Justice knew nothing of this letter or of the examination of Robelo. At the Carranza Agency, however, it was said that Judge Edwards had remanded Robelo to jail pending the action of the grand jury.

One paragraph of the letter, alleged to have been written by Robelo to General Enrique Morosini, at El Paso, read:

"I also wish to tell you, my dear general, that General Orozco has taken all necessary steps for a strong movement against the Constitutionalists, actual owners of the country."

Talked with United States Officials.
"General Orozco has talked with high American authorities, and understands that the Washington government is disposed to tolerate a strong movement along that line because it finds itself disconcerted and perplexed and frightened by the results of its work and is convinced of the incapacity of the men of the revolution. Since help would have been rejected, tolerance on the part of the American government is highly acceptable. We have all the necessary capital available from the moment we start to the end of the campaign."

A dispatch denying that Queretaro had been taken by the Villistas was received by the Carranza Agency to-night. It stated that the movement which cut off the communications between Generals Obregon and Hill was merely a bandit raid and that the bandits were being pursued by Carranza forces.

The Villistas denied the importance of the defeat at Caballero yesterday. They say that General Trujillo, with 400 men, was attacked by 1,000 Carranzistas. After defending his position for four hours, he succeeded in breaking through the enemy lines, carrying all his equipment and losing only slightly. He is said to have joined General Acosta's column at Amavaca, where another attack from the Carranzistas is expected.

Thirty-five Killed in Train Bombing.
The following description of the attack on the train from Vera Cruz to Mexico City was received by the Carranza Agency:

"A roving band of Zapatista soldiers yesterday dynamited a railway train at Apizaco, on the Vera Cruz-Mexico City line. The train was carrying employees of the Constitutional government en route to the executive departments of the government. The Zapatistas were in ambush alongside the railway line, and immediately the train had been dynamited they fired a volley into the cars, killing the train guards."

"Next they began shooting into the derailed and damaged cars, killing and wounding the survivors of the wreck. In all thirty-five persons, besides the guards, were killed and fifty wounded. While the work of slaughter was going on a superior force of Constitutional troops arrived and the Zapatista murderers were driven off. The utter inhumanity of the deed has caused great indignation in Vera Cruz. The employees were all civilians and non-combatants."

ORDWAY MAY GET POST DELANY HELD

Governor Is Considering
Civil Service Chairman—
Many Seek To Be Justice.

It is said that Governor Whitman is seriously considering Samuel H. Ordway, chairman of the State Civil Service Commission, for a Supreme Court Justice, to take the place of Justice John J. Delany.

Friends of Mr. Ordway say he has for years entertained an ambition to sit on the Supreme Court bench. In 1909 he ran as the candidate of the judicial nominators and the Republican organization, but was defeated. At that time Mr. Ordway was known as an independent Democrat, but he took no part in the affairs of that organization and is now an enrolled Republican, his friends say. He is a graduate of Brown University and the Harvard Law School.

It is safe to assume that the man selected to take Justice Delany's place will be nominated by the Republicans later. A successor to Justice Delany will be elected at the coming election, the man appointed by Governor Whitman serving under that appointment only until January 1.

Friends of Isador Wasservogel, Assistant District Attorney, are urging his appointment by the Governor, and there are many reasons why Mr. Whitman might do this. He has a high opinion of Mr. Wasservogel, who was one of his right hand men in the prosecutor's office and would like to see him on the bench, it is said. For that reason the Governor might decide to give him the prestige that an appointment to the bench would carry, although it is not unlikely that the Assistant District Attorney will receive one of the five other nominations for the bench that are to be made this fall.

Justice John F. Proctor Clark and Justice Samuel Greenbaum, of course, be renominated and the Republicans may take Justice Clarence J. Sharn and a Democrat to fill the place of Justice Delany.

Mr. Wasservogel and John R. Davies, Justice of the Municipal Court, were the Republican candidates for the Supreme Court last fall, and it is said that Justice Davies feels that he, too, is entitled to another chance this fall. Among others who have been mentioned are Abraham S. Gilbert, for years chairman of the law committee of the Republican County Committee; Edward R. Finch, who has held the same position; Charles O. Maas and Robert W. Romberg.
